Declaration of competing interest

The author declares no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

Funding

This research did not receive any specific grant from funding agencies in the public, commercial, or not-for-profit sectors.

Declaration of generative AI and AI-assisted technologies in the manuscript preparation process

During the preparation of this work the author used generative AI tools to support code development and to polish the writing. All ideas and results are the author's own. After using these tools, the author reviewed and edited the content as needed and takes full responsibility for the content of the publication.

CRediT authorship contribution statement

Quang-Vinh Dang: Conceptualization, Methodology, Software, Formal analysis, Validation, Investigation, Data curation, Visualization, Writing – original draft, Writing – review & editing.

Data and code availability

All four datasets are public (Coat, Yahoo! R3, KuaiRand-Pure, KuaiRec). The code, configurations, result files and analysis scripts are in the public repository https://github.com/vinhqdang/causal$_l$e
